

backlit premium plus

Blue tint white PVC coated substrate with superior flame retardancy for backlit graphics. The coating provides high colour saturation, with a fine base fabric which ensures a sharp image. Ideal for backlit billboards, light box installations for airport terminals, train stations and similar environments.

roll width	3.2m / 5.0m
roll length	50m
base fabric	HT PES DIN ISO 2076
yarn	1100 dtex
weave	L 1/1
weight	460gm ²
tensile strength	2300/2200 (WARP / WEFT) N/5cm
tear strength	220/220 (WARP / WEFT) N
cold resistance	-30°C
heat resistance	+70°C
translucency	30%
flame retardancy	DIN 4102 B1, M1
finish	SMOOTH MATT PR LACQUER BOTH SIDES
ink compatibility	ECOSOL, LATEX, SOLVENT, UV AND LED CURABLE

The Vuflex range of technical fabrics have been expressly formulated for ink jet printing.

Customers must satisfy themselves as to the suitability of a fabric for a specific application. Technical specifications of our fabrics are issued in good faith but in matters of warranty Vuflex Limited shall not be held responsible for any issues relating to these details.
